#### ABOUT THE

### MINDANAO DEVELOPMENT AUTHORITY

The Mindanao Development Authority (MinDA) is a government agency created through Republic Act 9996. It is mandated to promote, coordinate, and facilitate the active and extensive participation of all sectors to effect socioeconomic development of Mindanao. It also acts as the Philippine Coordinating Office (PCOBE) for the Brunei Darussalam-Indonesia-Malaysia-the Philippines East ASEAN Growth Area (BIMP-EAGA), ensuring the active participation of Mindanao and Palawan in the sub-regional economic cooperation.

The cover photo is a reflection of MinDA's work as the government institution mandated to promote and facilitate the active and extensive participation of all sectors to effect the socioeconomic development of Mindanao. Like creating a spider's web, the agency has to develop socioeconomic structures that possess the strength and flexibility to accommodate both internal and external impacts, while ensuring that interregional connectivity is achieved. These structures must also balance the incoming load of captured investments while guaranteeing the sustainable use of resources. Akin to a spider's web, MinDA's work requires versatility in adjusting to a changing environment and in spinning a more robust and inclusive socioeconomic landscape of Mindanao. #### 2014

#### AT A GLANCE

# MINDANAO DEVELOPMENT CORRIDORS (MDC)

- MinDC program document
- · MinDC brochures
- Integrated in the Infrastructure Development Chapter of the updated Philippine Development Plan (PDP) for 2011-2016
- Endorsements from CONFED Mindanao, PBSP, MinBizCon
- Packaged the Mindanao Logistics Network Program

# MINDANAO POWER DEVELOPMENT PROGRAM

- Launching of the One Stop Facilitation and Monitoring Center (OSFMC) Web Portal
- · Conduct Energy Conservation Forum
- · Managed Mindanao Power Crisis
- Results of Mindanao Renewable Energy Resource Assessment
- Creation of Mindanao Power Data Portal
- Non-privatization & rehabilitation of Agus-Pulangi Hydropower Complex

# MINDANAO NURTURING OUR WATERS PROGRAM (Mindanow!)

- Eight RBOs with masterplans organized; four being assisted
- Rapid assessment of 22 rivers in Mindanao
- Payment for Ecosystem Services (PES) models for pilot river basins
- R2R and DRRM capacity building for Mindanao River Basin (MRB)
- MRB Management Information System (MIS)
- Compendium of Mindanao Environmental Statistics
- 61,743 has, covered under the StraTREEgic Project
- 6,863 has. planted through TreeVolution: Greening MindaNOW!

#### INVESTMENT PROMOTION AND FACILITATION PROGRAM

- Php 10.4 Billion worth of investments and trade transactions
- 38 investment leads for various industries were generated
- Improved investment facilitation mechanism through partnerships with LGUs (LEIPOs) and National Line Agencies (PIPP Network, BOI, BSP-IRO)
- 20 trade transactions

#### **BIMP-EAGA PROGRAM**

- Travel Tax Exemption (MC 73)
- 50% Reduction on Airport Terminal Fee in Puerto Princesa
- · Chartered flights for Davao-Manado
- Established Star Cruises shipping services between Kota-Kinabalu and Puerto Princesa
- Establishment of BIMP-EAGA Food and Agribusiness Corridor
- Building Local Community Resiliency on Climate Change
- Establishment of the BIMP-EAGA Socio cultural and education pillar

#### MINDANAO KNOWLEDGE, RESEARCH, AND POLICY CENTER (MKRPC)

- Four policy researches completed
- Recommendations reflected in three House Bills
- Three Policies enacted
- 11 partnership agreements with SUCs and MSCFI
- Conduct of Mindanao Critical River Rapid Assessment Batch 2
- Mainstreaming DRRM-CCAM in Higher Education Institutions (HEIs) Curriculum
- Development of Payment for Ecosystem Services (PES) Models for Pilot River Basins in Mindanao

"With the support of our fellow Mindanawons, we are confident that together, we can go where we want to qo,"

Secretary Luwalhati R. Antonino Chairperson

Mindanao Development Authority

#### FORFWORD

The year 2014 saw many triumphs for Mindanao as we escalated efforts to achieve our development goals. It was also a time when more Mindanawons showed stronger solidarity by participating in our initiatives.

We continued to make headway with our flagship programs designed to push Mindanao's potentials into good use. Our development corridors strategy has made progress in facilitating policy, infrastructure, and logistics support to product-specific and area-based investments. We also provided assistance to develop specific industries that have shown great promise, such as banana, cacao, and oil palm, and facilitated the exploration of business opportunities that can take off with proposed sea and air linkages with our neighboring countries.

Trade and investment missions within the BIMP-EAGA and other countries have allowed Mindanao-based businessmen to promote our local products and services, widening opportunities for a distinct Mindanao brand to position itself within the wider ASEAN market. As a result, we have facilitated P10.9 billion worth of trade and investments, generated 38 investment leads, and 20 trade transactions through business-matching between Mindanao companies and institutional buyers this year.

As we encourage more investments in the island-region, we pushed for reliable, sustainable, and affordable power to fuel our engines of growth. Parallel efforts to sow the seeds of inclusive growth were implemented by forging partnerships with the business sector to encourage enterprises that benefit the community within the value chain.

Mindanao's ecosystem has received a lot of attention through our environmental program MindaNOW!, strengthening river basin management councils and getting the approval of Regional Development Councils on river basin organization master plans. It also is exciting to note that a green constituency in Mindanao has started to take shape with the success of Treevolution: Greening Mindanao which mobilized about 270,000 Mindanawons to plant over two million seedlings all over the island. The cherry on top is the Guinness Book of World Record that Treevolution achieved for having planted the most number of seedlings in a given hour.

These are just a few of the milestone events that transpired this year, making 2014 one of the most exciting periods for Mindanao. Knowing that our job to fulfil Mindanao's promise must continue its momentum, we closed this year carrying on the program, projects, and other initiatives to the next year. Some of the tasks may be formidable, but with the support the Mindanawons have shown this year, we are confident that together, we will get to where we want to go.

hund Atin

#### Minda OVERVIEW

#### **ABOUT MINDA**

Signed into law on February 17, 2010, Republic Act 9996 or the Mindanao Development Authority Act of 2010 aims to accelerate the socio-economic growth of Mindanao by increasing its trade and investments, encouraging private enterprise, and advancing efforts towards peace and development in the island-region. The law strengthens the former Mindanao Economic Development Council (MEDCo), created by then President Corazon Aquino in 1992, into an effective institutional mechanism that shall address the need for a coordinated and integrated approach in the formulation and implementation of various Mindanao-wide and inter-regional development plans, programs and projects including Mindanao and Palawan's participation to the Brunei Darussalam-Indonesia-Malaysia-Philippines East ASEAN Growth Area (BIMP-EAGA).

#### VISION

To become the vanguard institution that provides strategic leadership in pursuing a peaceful, integrated and globally competitive Mindanao and ensures that the benefits of its sustainable development are equitably shared and enjoyed by a culturally-diverse, empowered and united Mindanawons.

#### MISSION

Our mission is to serve as Mindanao's lead agency in coordinating and integrating development efforts that bring about accelerated socio-economic development of Mindanao. We shall carry out this mission through the active and extensive participation of all sectors in this development process. We are committed to upholding standards for service excellence, good governance and inclusive leadership in achieving the aspirations and vision of all Mindanawons.

#### **GOALS AND OBJECTIVES**

Provide strategic planning and integrated programming of various peace and socio-economic development programs and projects in Mindanao

Work for inter-regional/Mindanao-wide linkages and synergism of Mindanao stakeholders in pursuing Mindanao's advocacy agenda Ensure the active participation of Mindanao and Palawan in the overall Brunei Darussalam-Indonesia-Malaysiathe Philippines East ASEAN Growth Area (BIMP-EAGA) subregional initiative

Promote and sustain investments in Mindanao as well as mobilize resources and implement key programs and projects that are needed to address the island's peace and development imperatives

# DEVELOPMENT PLANNING, PROGRAMMING, POLICY ADVISORY, AND PROJECT DEVELOPMENT PROGRAM

#### DEVELOPMENT PLANNING | PROGRAMMING

#### MINDANAO DEVELOPMENT CORRIDORS The Mindanao

Development Authority (MinDA) — through the Mindanao Peace and Development Framework Plan or the Mindanao 2020— has adopted the Mindanao Development Corridors (formerly termed as Mindanao Growth Corridors and Exports Gateways Program) as a key spatial strategy that will pave the pathway for a connected and globally competitive Mindanao.

Through the Corridors initiative, commodities or product-specific and areabased investments are accordingly matched with required infrastructure, logistics, and enabling policy environment.

A number of Mindanao-wide consultations were conducted to realize the goals of the Mindanao Development Corridors initiative. Moreover, a Technical Working Group (TWG) has been organized with the designation of permanent focal persons from relevant agencies. At the end of 2014, the draft program document has been completed.

MinDA is likewise collaborating with the Asian Development Bank (ADB) for the enhancement of the competencies of MinDA in various policy and planning areas. Meanwhile, the Japan International Cooperation Agency (JICA) has partnered with MinDA in the packaging of the Mindanao Logistics Network Program which has been considered in the DPWH and DOTC (port improvements) proposed Priority Investment Program for 2015 and 2016.

MINDANAO ENERGY PLAN (MEP) The Department of Energy (DOE), in cooperation with MinDA, has completed the series of consultations for the finalization of the Mindanao Energy Plan (MEP). MEP Public Consultations were held in Cagayan de Oro City (Region 10), Davao City (Region XI), General Santos City (Region XII & mainland ARMM), Butuan City (CARAGA), and Zamboanga City (Region 9 & ARMM island provinces – Basilan, Sulu, Tawi-Tawi).

The finalization of the MEP will help guide Mindanawons to achieve a sustainable and affordable power supply.

MONITORING AND EVALUATION FRAMEWORK AND SYSTEM

FOR MINDANAO 2020 A training-workshop on local development planning and plan M&E was conducted to review the Mindanao 2020 plan and set the M&E framework and system. A draft Results Matrix was prepared outlining the indicators to be monitored by MinDA configured following the five (5) themes of Mindanao 2020, namely: (a) Peace and Security; (b) Economy and Environment; (c) Human Development and Social Cohesion; (d) Governance; and (e) Enabling Conditions. The identified indicators were then used in the preparation of the agency's Mindanao Development Report which aims to provide information on and an analysis of economic and social developments in Mindanao in 2012-2014. It identifies the current situation and initiatives, issues and opportunities in the context of the Updated MTPDP 2010-2016 and Mindanao 2020.

The Mindanao Development
Corridors initiative will improve
infrastructure, establish
connectivity, and spur the
development of growth
corridors or clusters within
Mindanao allowing it to
achieve balanced and inclusive
growth among its regions."

# MinDA advocated for the review and enactment of policies that would provide an enabling environment for Mindanao's development.

POLICY ADVOCACY MinDA conducted research in aid of policy and decision-making, and advocated for the review and enactment of policies that would provide an enabling environment for Mindanao's development. These include the establishment of the GenSan Economic Zone, establishment of the ANFLO Special Economic Zone, Mindanao Business Conference 2014 Policy Agenda, repeal of Cabotage Law, and review of EPIRA Law with emphasis on the non-privatization of Agus-Pulangi Hydroelectric Power Complexes (APHC), and the Bangsamoro Basic Law

PARTNERSHIP BUILDING FOR POLICY RESEARCH AND ADVOCACY MinDA actively engaged partners and alliances in its policy research and advocacy work:

Institutions in Congress, such as the Mindanao Legislators Association and the House Committee on Mindanao Affairs, Committee on Energy and the Committee on EAGA Affairs for the Review of the EPIRA and a Study on Travel Tax Exemption.

Business groups, such as the Philippine Chamber of Commerce and Industry-Mindanao (PCCI-Mindanao), PHILEXPORT XI, SOCSKSARGEN Federation of Fishing and Allied Industries, Inc., and Halal Forum, for the promotion and advocacy of policies in support of business and industry development.

Academic institutions and aggrupations, such as the Mindanao Studies Consortium Foundation Inc., (MSCFI), various State Universities and Colleges (SUCs), and CHED Regional Offices in Mindanao. MinDA promoted and advocated the establishment of a Mindanao research and development center through regional rounds of visits to SUCs and secretariat support to the MSCFI. The visits generated inputs from stakeholders, including issues and proposed action plans towards the creation of the Mindanao Knowledge, Research and Policy Center (MKRPC).

To date, 12 partnership agreements with Mindanao State Universities and Colleges have been signed for the creation of the MKRPC. A Knowledge Center on various Mindanao data and studies is also being developed. A directory of Mindanawon experts on various fields can also be accessed from the Knowledge Center.

Partners from the Mindanao Knowledge, Research, and Policy Center participate in a forum aimed to develop policies and researches that promote enabling conditions for Mindanao.

Photo by Kenny Nodalo, MinDA

# MindaNOW! PROGRAM 2014 ACCOMPLISHMENTS

## RIVER BASIN MANAGEMENT COUNCILS AND ALLIANCES ORGANIZED AND STRENGTHENED

MinDA, in coordination with the RBCO, facilitated the organization of the eight (8) RBOs in Mindanao, as follows: Cagayan de Oro River Basin Management Council (CDORBMC); Tagoloan River Basin Management Council (TRBMC); Buayan-Malungon River Basin Organization; Mindanao River Basin Management Council (MRBMC); Tagum-Libuganon River Basin Management Council (TLRBMC); Davao River Basin Management Alliance (DRBMA); Davao River Basin Management Alliance (DRBMA); Agusan River Basin Governing Board (ARBGB); and Lake Lanao – Agus River Basin Organization.

# FORMULATION AND ENDORSEMENT OF RIVER BASIN MASTER PLANS FACILITATED

As of 2014, majority of the master plans for the eight river basins in Mindanao have received approvals from their respective Regional Development Councils (RDCs) as well as endorsements from other organizations. Currently, MinDA and the MindaNOW! Program are continually facilitating the implementation of the recommended programs and projects of the master plans by the appropriate line agencies.

# GAINS OF PROGRAM IMPLEMENTATION COMMUNICATED

Latest updates on MindaNOW initiatives were communicated to different stakeholders thru various forums, the MindaNOW! Sulog, MindaNOW! web portal, publication of news stories, and social media channels such as Facebook and Twitter. Additional MindaNOW! Information Education Campaign materials like envelopes and pull up tarps were also developed to intensify promotion of the program.

# MINDONOW! GREEN CONSTITUENCY BUILT

The various activities of the MindaNOW! Program such as the TreeVolution: Greening MindaNOW! (September 2014), Fun Run with the Junior Chamber International (June 2014), and the Ang Panagtagbo Sa Mga Bantay sa Lasang, Suba ug Dagat (R2R Panagtagbo) were purposively designed to build green constituencies.

#### PROJECT DEVELOPMENT | RESOURCE GENERATION

#### PROJECT DEVELOPMENT APPRAISAL AND

**RESOURCE MOBILIZATION** MinDA provides strategic direction and guidance on the identification of projects, development and packaging of project proposals as well as mobilizing resources particularly for those that are Mindanao-wide with Mindanao-wide impact and inter-sectoral in nature.

In 2014, MinDA formulated seven (7) project concepts/proposals, endorsed 13 projects to various agencies, and facilitated P11.6B funding for various projects (see Annex A).

#### MINDONOW! NURTURING OUR WATERS PROGRAM The

MindaNOW! Nurturing Our Waters Program is a banner program of MinDA whose interventions are anchored on sustainable development framework. It adopts the river basin and watershed as the key platforms for planning, emphasizes ecological value and capitalizes water as the most critical resource for human survival, and optimizes the full potentials of the river basin and watersheds without compromising its carrying capacity.

#### MINDANOW! PROGRAM

# 2014 IMPLEMENTED PRIORITY PROJECTS

# CONDUCT OF MINDANAO CRITICAL RIVER RAPID ASSESSMENT BATCH 2

MinDA, thru the MindaNOW! Nurturing our Waters Program, and in partnership with the Central Mindanao University, completed the rapid assessment of 22 rivers in Mindanao damaged by the recent typhoons.

#### MAINSTREAMING DISASTER RISK REDUCTION AND MANAGEMENT-CLIMATE CHANGE ADAPTATION AND MITIGATION IN HIGHER EDUCATION INSTITUTIONS (HEIS)

This project is an advocacy and partnership building with CHED and HEIs for resiliency of communities to disasters through improved knowledge and capacities of the youth, thus, lessening the impacts of disasters to both economic and social aspects.

#### DEVELOPMENT OF PAYMENT FOR ECOSYSTEM SERVICES (PES) MODELS FOR PILOT RIVER BASINS IN MINDANAO

The PES is an environmental mechanism designed to help sustain ecosystems that provide support to public utilities and other industries. The PES was launched in Kalatungan in May 2014, in cooperation with the CDORMBC. The first phase of the PES models for the Allah Valley and North Cotabato River Basins were completed last December 2014.

# MAINSTREAMING RIDGE-TO-REEF (R2R) MANAGEMENT APPROACH

This is a capacity-building which aims to integrate R2R in the planning, investment programming and policy formulation processes of the target NGAs, Academe, RBOs, LGU alliances, and other concerned bodies. For this year, the project is focused coming up with the MRB DRRM/CCAM implementation plan.

# MINDANAD RIVER BASIN INFORMATION SYSTEM

This project aims to provide easy access to updated and comprehensive data/information about the Mindanao River Basin. This information system is an important tool in generating based-line data for planning, monitoring and assessments which will guide planners and policy making bodies in protecting the environment of the MRB.

#### MINDANAO ENVI-STATISTICS

This project is intended to establish credible and updated statistics on environment that are regularly used by policy-makers and the public as guide in crafting policies and programs attuned to the current economic and social needs of society. The collation of the data provided by MinDA partner-agencies has been completed.

#### STRATREEGIC PROGRAM

This project intends to complement DENR's National Greening Program in achieving effective watershed and coastal management, disaster mitigation strategies and providing income opportunities for the communities. It also aims to achieve the 30% of forest cover by 2016 as articulated in the Mindanao 2020. Among the initiatives that are currently being pursued under this program include the Barangay Stratreegic Forest Program which was launched last May 21, 2014 in Cagayan de Oro City.

#### MINDA'S PARTNERSHIPS WITH RBOS AND ALLIANCES

The nine (9) ongoing partnerships between MinDA and LGUs will result to a total of 64,443 hectares planted with trees in 2016. MinDA's Php1.05 million investment for these partnerships have generated Php93.981 million allocation from the partner-LGUs.

# MINDANAO AND BIMP-EAGA DATABASE

MINDANAO KNOWLEDGE CENTER MinDA partnered with the Southern Philippines Agri-Business and Marine and Aquatic School of Technology (SPAMAST), thru the Mindanao Knowledge, Resource and Policy Center Project, to assist in the establishment of the Mindanao Knowledge Center. SPAMAST facilitated the enhancement of the Mindanao Database thru extensive data generation activities with the partner agencies.

MINDANAO DEVELOPMENT CORRIDORS – KNOWLEDGE DEVELOPMENT MinDA has conducted various consultations with partner agencies involving identification and mapping of priority commodities in the area (existing and potential), logistical requirements and other infrastructure projects that would support the said commodities and/or sector. Maps and other relevant information on the Mindanao Development Corridors were also shared to ODA partner agencies (i.e., JICA, ADB) in an attempt to complement projects and support common service facilities (roads, ports, etc).

ONE-STOP-SHOP FACILITATION AND MONITORING WEB PORTAL MinDA has successfully launched the MPMC One-Stop-Shop Facilitation and Monitoring Web Portal on October 11, 2014. The One-Stop-Shop Facilitation and Monitoring Web Portal is a web-based information system designed for exclusive access to members of MPMC and permitting agencies (DOE, DENR, NWRB, NCIP, DA) in the conduct of monitoring and facilitation of all renewable-based power projects in Mindanao.

#### MINDANAO RIVER BASIN MANAGEMENT AND INFORMATION

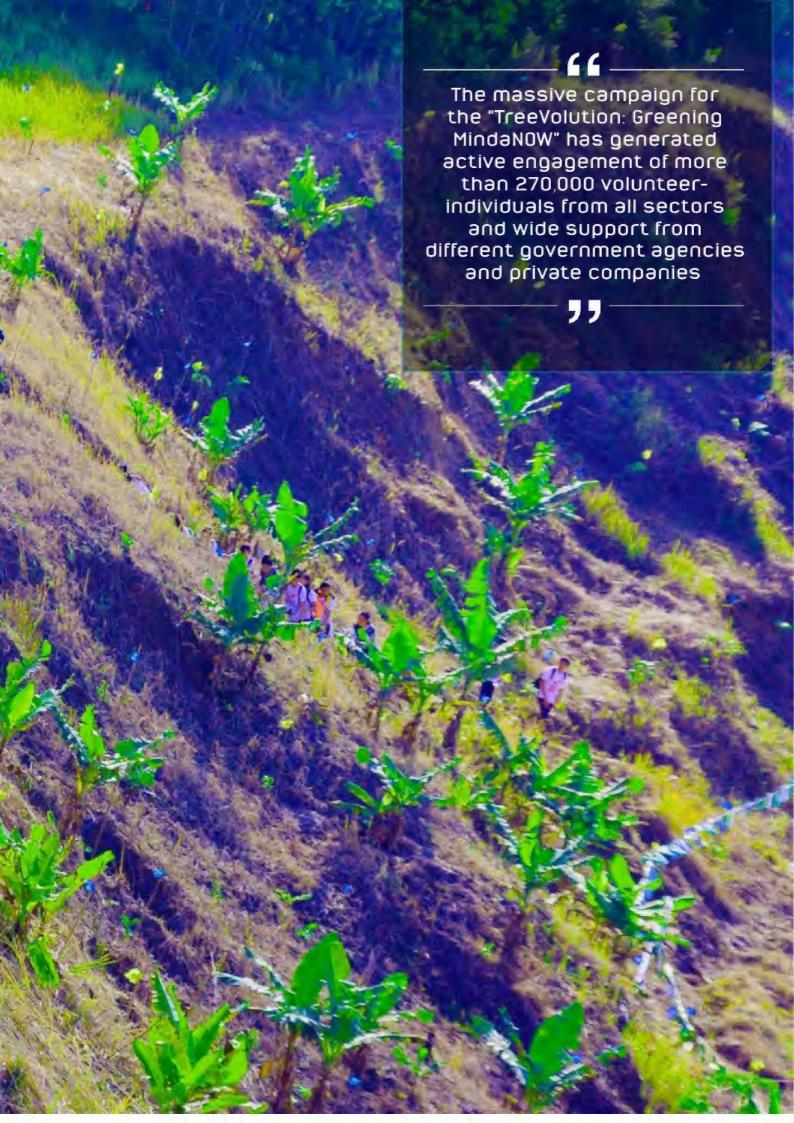

SYSTEMS The Mindanao River Basin Management and Information System is an information system conceptualized to provide general and technical information on the state of the eight (8) major river basins in Mindanao. One of its information design goals is to collaborate with other online information systems like NAMRIA's Philippine GeoPortal and DOST's Project NOAH.

#### COMPLIANCE TO NATIONAL GOVERNMENT'S MEDIUM-TERM ICT HARMONIZATION INITIATIVE (MITHI), OP-ADMINISTRATIVE ORDER #39 AND TRANSPARENCY SEAL

MinDA has participated in the National Government's rollout of the Medium-Term ICT Harmonization Initiative (MITHI) under Joint Memorandum Circular 2012-01 (NEDA, DBM, OP). MinDA's Information Systems Strategic Plan (ISSP) 2014-2017, an exhaustive organizational ICT plan, was submitted and reviewed by DBM, and DOST-ICTO.

MinDA also complied with Administrative Order #39 mandating Government Agencies to migrate their online information systems to DOST-ICTO. Most of the web-based information systems maintained by MinDA (i.e., MinDA portal, NOW Portal, Mindanao Power Portal, etc) are now deployed to DOST servers. In addition, the aforementioned websites have been re-developed to comply with the Philippine Government Uniform Website Content Policy (UWCP).

In line with the Authority's mandate of promoting investment and trade opportunities and its broader effort of accelerating development in Mindanao, various investments were facilitated by MinDA.

MINDANAO AND BIMP-EAGA INVESTMENT PROGRAM

# TRADE AND INVESTMENTS PROMOTIONS AND MARKETING

#### **OUTBOUND MISSIONS (FOREIGN)**

#### PRESIDENTIAL STATE VISIT TO MALAYSIA (FEBRUARY 26 - MARCH 1, 2014)

One of the highlights of the Investment Opportunities Forum was promotion of the current developments and investment opportunities in Mindanao.

#### FOOD AND HOTEL ASIA SINGAPORE 2014 (APRIL 8 - 11, 2014)

The Philippine participation to the Food and Hotel Asia (FHA)
Singapore 2014 was comprised of 18 local producers and
consolidators from Manila and Mindanao. The delegation generated
PhP 576 million worth of trade investments.

# PHILIPPINE-SINGAPORE NETWORKING FORUM (APRIL 10, 2014)

MinDA and the Davao City Investment Promotion Center (DCIPC) hosted a networking forum between Singapore and Mindanao-based businessmen to promote the region's investment and business opportunities.

## MEETING WITH RHEMA ENERGY & LOGISTICS [APRIL 9, 2014]

MinDA and DCIPC met with Mr. Anthony Ratnam, the CEO of RHEMA Energy & Logistics Pte Ltd. regarding the latter's interest in developing available agricultural lands in Mindanao. Mr. Ratnam is currently working on his agribusiness venture in the Philippines under the business name of Kohdian Holdings Corporation.

#### BUSINESS MISSION TO NORTH SULAWESI (SEPTEMBER 1-3, 2014)

MinDA, in partnership with the Philippine Consulate in Manado facilitated the business exploration activities of Maharlika Agro-Ventures, Vicente T. Lao (VTL) Construction and Bonifacio Fernandez (BF) Industries, Inc. in Manado and Bitung, Indonesia. The business mission was part of the preparatory activities for the proposed establishment of Davao - General Santos - Tahuna - Bitung sea linkage.

#### **OUTBOUND MISSIONS** (LOCAL)

#### MINDANAO BUSINESS CONFERENCE

PROMOTIONAL ROUNDS

The promotional rounds involved generation of possible investment opportunities that can be promoted in the international roadshows.

The areas covered were the cities of Davao, Koronadal, Cagayan de Oro, Butuan, and Zamboanga.

# INBOUND MISSIONS FACILITATED BY MINDA VISIT OF HIS EXCELLENCY MATTI PULLINEN (Ambassador of Finland to Malaysia and the Philippines) TURKEY TIME FOREIGN TRADE INVESTORS (Turkey, March 7, 2014) VISIT OF HIS EXCELLENCY LALDUTHLANA D. RALTE (Ambassador of India to the Philippines) INDIA TRADE and INVESTMENT FACILITATION SERVICES BY MinDA (2014) investment leads generated for 2014 trade transactions were generated during the market matching sessions facilitated between Mindanao-based companies and

institutional buvers in 2014

#### PHILIPPINE EXPORT COMPETITIVENESS

MinDA met with various PhilExport Chapters in Mindanao to assess and get updates on the various issues and concerns that were raised during the 1st Mindanao Exporters Congress. These include industry development support to key agriculture-based commodities such as banana, cacao and oil palm.

TRADE AND INVESTMENT FACILITATION SERVICES

Promotion Officers in Mindanao provided investments-Davao Region and various Local Economic and Investment Promotion Officers in Mindanao provided investor facilitation services to a number of existing and potential investors who expressed their interests to do business in Mindanao. Among the companies facilitated included FELDA Global Ventures, E.A. Trilink and BEST Cable Consortium, Franklin Baker Inc., Healing Garden of Asia Inc., Univanich Inc., Charoen Pokphand (CP) Foods Philippines Corporation, Sagrex, Maharlika Agro-Ventures, SBE Agro Ventures, Kennemer Foods Inc., Unifrutti Philippines Inc., PhilCoffee and Delinanas Development Corporation, among others. These potential investment opportunities were in the fields of agri-business (coconut, rubber, cacao and oil palm plantation) and manufacturing (coconut-based processed products) and food processing. The authority is monitoring and keeping track of the progress of the initial investment perotiations explored by the concerned companies.

#### SEEDS OF PARTNERSHIPS AND NETWORKING

MinDA is promoting a Mindanao Inclusive Business Facilitation Program that is directed by an Inclusive Business (IB) agenda. Several partnership agreements were signed with various business support organizations such as the following:

PHILIPPINE BUSINESS AND SOCIAL PROGRESS MinDA signed the agreement with PBSP as its private sector and lead convener for the business sector through the development of inclusive business-enabling environments in Mindanao.

FOREIGN SERVICE CORPS MinDA also networked with the Foreign Service Corps of the Department of Trade and Industry including the Commercial counsellors and attachés assigned in the Philippine Trade and Investment Centers (PTIC) in various Philippine Embassies for the implementation of the agency's flagship events.

#### PHILIPPINE INVESTMENT PROMOTION PLAN NETWORK

The network updated its Philippine Investments Promotion Plan (PIPP) that serves as the guiding document for all investment promotion intermediaries (IPIs) to improve and synchronize strategies in investment promotion.

#### STRENGTHENING MINDANAO INDUSTRIES

MinDA also supported industry growth development efforts in Mindanao, particularly with the developments in industries such as Halal, Cacao, and ICT and BPO Services.

MinDA also participated in various meetings of the ICT Councils in Mindanao under the National ICT Confederation of the Philippines, particularly in the conduct of the NICP Summit, Business Startup, E-Commerce and IT-BPM-related initiatives.

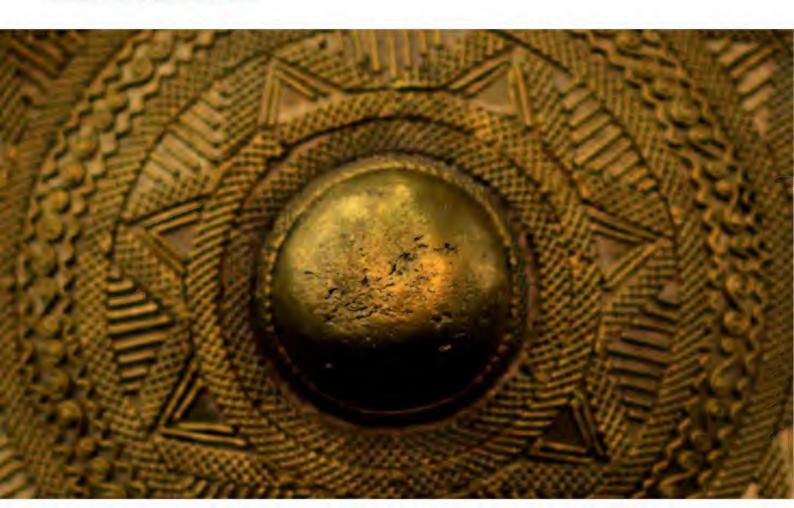

In line with MinDA's cooperation agreement with the Caçao Industry Development Association of Mindanao Inc. (CIDAMI), MinDA assisted the Mindanao Cacao Summit last 10 December 2014.

Likewise, MinDA and CIDAMI have agreed to intensify partnership particularly in the formulation and implementation of the Mindanao Cacao Roadmap.

The Philippines hosted the 2nd Brunei Darussalam-Indonesia-Malaysia-Philippines East ASEAN Growth Area (BIMP-EAGA) and the Indonesia-Malaysia-Thailand Growth Triangle (IMT-GT) Trade Fair and Business Leaders' Conference last 22-26 October 2014 at the SMX Convention Center, SM Lanang Premier, Davao City. The event was participated by the five-participating countries from ASEAN – Brunei Darussalam, Indonesia, Malaysia, The Philippines and Thailand, public and private sector partners from other countries (Japan, Australia, China, Taiwan, United States, United Kingdom, Middle East, and South Korea), among others.

MinDA partnered with various implementing partners for the various activities during the week-long event adopting the theme "Realizing the Opportunities of ASEAN Integration".

# THE 2ND BIMP-EAGA AND IMT-GT TRADE FAIR AND BUSINESS LEADERS CONFERENCE

#### 2ND BIMP-EAGA IMT-GT TRADE FAIR AND BUSINESS LEADERS' CONFERERENCE

\*Based on the Business-to-Business (828) Meetings

MAJOR ACCOMPLISHMENTS AND RELATED EVENTS

#### 1. BIMP-EAGA AGRIBUSINESS CLUSTER MEETING The

meeting was attended by 225 delegates and updated participants on the status of directives issued by the BIMP-EAGA leaders, as well as updates on the various priority projects under agro-industry and fishery working groups.

- 2. ASEAN FOOD STREET The Food Street featured the different street food cuisine from all member countries including Filipino Streetfood, and bold flavors from Brunei Darussalam, Indonesia, Malaysia, and Thailand.
- 3. TVET LEADERS FORUM The forum was a gathering of key leaders of TVET (Technical, Vocational Education and Training) institutions among the BIMP-EAGA member countries, serving as a venue to come up with a common understanding of the TVET landscape and to foster joint undertakings to develop the TVET sectors.
- 4- INTEGRATED WATER RESOURCE MANAGEMENT FOR PEACE AND DEVELOPMENT The event intended to mainstream discussions and presentations on WATER 2015 to strengthen cross-border trade and promote links for tourism, trade and investments. The Consultation wrapped up with 7 resolutions from five (5) break out groups which was attended by 170 participants.
- 5. WELCOME NIGHT Hosted by MinDA, the event welcomed more than 500 guests and treated to a feast of different Mindanao cuisines and a brief entertainment showcase featuring Mindanao Arts and culture.
- 6- FELLOWSHIP NIGHT Hosted by the Davao City Government, the event featured Davao Style dining and live entertainment which featured Davao Talents that highlighted their finest performances. The Dinner was attended by more than 1,000 delegates.

7. EAST ASEAN FILM SCREENING The Film Screening included films from Brunei Darussalam, Indonesia, Malaysia, the Philippines, and Thailand. Aside from the film screening, film connection meeting was also conducted which was participated by filmmakers and industry stakeholders from the two sub-regional groupings.

#### 8- INTERNATIONAL EXPORTERS AND IMPORTERS FORUM The

forum served as a venue to discuss international trade opportunities among the BIMP-EAGA and IMT –GT exporters and importers as well as other trading partners in the ASEAN, East Asia, The Middle East, Europe, etc.

- 9. NICP SUMMIT This unique event brought together 422 delegates from LGUs and National Government Agencies, Media Representatives, Speakers, Resource Persons and National ICT Confederation of the Philippines members and featured six plenary sessions on various ICT-related concerns.
- 10. FRIENDSHIP GOLF TOURNAMENT The one-day tournament was an individual competition for male and female amateur golfers, local and foreign delegates. His Excellency Fidel V. Ramos, Former president of the Philippines led the ceremonial tee off which was attended by 160 golfers.
- 11. WOMEN LEADERS CAFÉ The café is a collaborative dialogue and sharing of ideas among 43 women thought leaders from five (5) ASEAN countries- Brunei Darussalam, Indonesia, Malaysia, Philippines and Thailand. It puts focus on how ICT can leapfrog inclusive growth and drive empowerment of women on general society.
- 12. BIZSTART @ DAVAO 2014 With 166 participants, it was poised to be the one-stop platform for entrepreneurs and would-be entrepreneurs to obtain knowledge skills and business opportunities in the creative industry.

# STRENGTH IN NUMBERS A quick rundown of the Public Relations Department's exhaustive and extensive communication support for MinDA in 2014. 885 photos and news articles \$85 photos and messages 12 media and communication plans 1 marketing and promotions plan

#### **PUBLIC RELATIONS**

As part of MinDA's continuing efforts in the implementation of Mindanao 2020 Communication for Development (C4D) Plan, the agency crafted and implemented its Communication for Development and Media Operational Plan for 2014.

MinDA also increased volume of updates and photo uploads on Facebook, Twitter and its official website. Internal communication was also strengthened through an institutionalized MinDA brand, being carried by the organization's Information, Education and Communication (IEC) products such as the updated brochure, newsletters, institutional folders, accomplishment reports, pull-up tarps and banners, and other marketing and promotional materials.

#### MINDANOW! NURTURING OUR WATERS PROGRAM

Among the other communication activities that were conducted by MinDA included news articles generation, social media updating, photo sharing, events coverage and the development of key communication materials. Full media coverage and separate media and communication plans were crafted and implemented during the Launch of the Mindanao Barangay StraTREEgic Forest Project and the Payment for Ecosystem Services on May 21, as well as during the TreeVolution: Greening MindaNOW on September 26.

#### INVESTMENT PROMOTION AND FACILITATION

In efforts to create media blitz and stir public interest on the upcoming 2nd BIMP-EAGA & IMT-GT Trade Fair and Business Leaders' Conference, MinDA spearheaded the marketing and promotional efforts for this international event. Print-based promotional materials, websites, and video teasers were created for the event.

Separate media and communication plans for the main event and side events, coupled with a media and marketing plan generated full media support from both national and international media.

Several news stories that tackled on the increase of investments in Mindanao, particularly in the ARMM, were also crafted and released to the media. Initiatives on strengthening connectivity as well as investments within the BIMP-EAGA region were highlighted in the news stories.

#### MINDANAO POWER DEVELOPMENT PROGRAM

MinDA conducted various communication initiatives such as public consultations, media briefings, and purposive presentations among key stakeholders of Mindanao's power sector. News stories and articles that discuss government initiatives on increasing the region's renewable energy capacity were distributed to media contacts. MinDA, through the Mindanao Power Monitoring Committee (MPMC) also organized and conducted several events with full media coverage.

#### MINDANAO DEVELOPMENT CORRIDORS

In preparation for the eventual launch of the Mindanao Development Corridors, MinDA intensified news releases on the initiative and highlighted the program as a key spatial strategy that will pave the pathway for a connected and globally competitive Mindanao.

#### **INCLUSIVE BUSINESS GROWTH PROGRAM**

A full media coverage which includes an informal press conference was organized during the launch of the Inclusive Business Growth Program on June 25. Key media practitioners from the region participated in the event where a production and trading agreement of cacao-based products was sealed between the local government of Marihatag in Surigao del Sur and Kennemer Foods International. A separate media coverage was organized during the launch of the Mindanao Inclusive Agri-business Program on September 8 in Davao City, which was attended by President Benigno Aquino III.

# BIMP-EAGA AND OTHER INTERNATIONAL TRADE AND INVESTMENTS

The annual BIMP-EAGA Program contains priority programs, projects and activities of each of the cluster and working group within the sub-regional cooperation. For this year, MinDA hosted and organized the 2014 BIMP-EAGA Strategic Planning Meeting, which was attended by more than 200 high-level officials from Brunei Darussalam, Indonesia, Malaysia and the Philippines.

#### BIMP-FAGA INITIATIVES ACCORDING TO THE FIVE STRATEGIC PILLARS

#### **ENHANCING CONNECTIVITY**

# 772

Chartered Flights from DAVAO TO MANADO, INDONESIA

Reduced Transport Time and Lowered Shipping Cost via the DAVAO-GENSAN-BITUNG SHIPPING SERVICE

Amendment of EO 170 to include CHASSIS RORO (CHA-RO) IN ITS DEFINITION OF TERMS

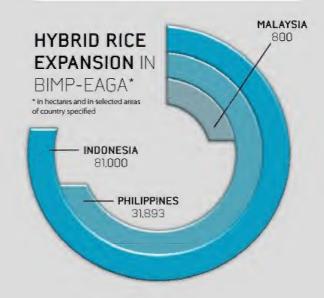

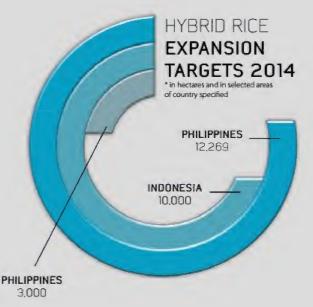

Pursuit for a Memorandum of Agreement on the operations of NON-CONVENTION SIZED SHIPS

Provision of Technical Support to
6TH HEADS OF SECURITY SECTOR
MEETING (CIOS TASK FORCE)

#### BIMP-EAGA AS FOOD BASKET FOR ASEAN

INCLUSION OF THE SOCIO-CULTURAL AND EDUCATION PILLAR IN THE BIMP-EAGA INITIATIVE

8th BIMP-EAGA Friendship Games in Labuan, Malaysia

# MINDANAO POWER DEVELOPMENT PROGRAM

#### REHABILITATION OF AGUS AND PULANGI HYDRO POWER COMPLEXES (APHC)

Efforts were also made to ensure immediate rehabilitation and updating of Agus-Pulangi complex with the allocation of P4.96-Billion, to wit: Agus 1 and 2 uprating (for the flood control project of Balo-i Plains), Agus 6 Units 1 and 2 uprating (replacement of plant components to increase generation output and extension of plant's economic life), Agus 6 Unit 4 uprating, Pulangi 4 uprating (for the Pulangi 4 Selective Dredging and installation of hybrid integrated turbine generator).

#### INTERIM MINDANAO ELECTRICITY MARKET

DOE has already passed Department Circular DC2014-05-0010, amending the Interim Mindanao Electricity Market Rules and providing for transitory arrangements. The circular incorporated into the IMEM Rules the inputs from the stakeholders regarding the operations of the market.

ERC conducted several public hearings on the proposed changes in the IMEM Price Determination Methodology (Demand-side Bidding). The commission is set to submit a resolution to the petition for the change in the IMEM PDM by the 1st quarter of 2015.

# ONE-STOP PROCESSING AND FACILITATION CENTER FOR RE APPLICATIONS

A total of 231 renewable energy projects in Mindanao are being facilitated by MPMC, with targeted completion of permits by year 2016. This batch of RE power project applications comprises 2419.17 MW of potential capacities.

The One-Stop Facilitation and Monitoring Web Portal had its soft launch last October 2014. The five (5) government agencies (DOE, DA, DAR, DENR-NWRB, NCIP) primarily involved in the permitting process together with MinDA already signed the Joint Memorandum Circular on the inter-agency implementation of the monitoring web portal. The OSFMC will be fully operational in January 2015.

"With a strong push for Renewable Energy (RE) Development, the Mindanao Power Development Program of MinDA pursues efforts that will realize a regime of reliable, sustainable, and affordable power in Mindanao"

# RE RESOURCE ASSESSMENT/MAPPING PROJECT FOR MINDANAO

The project was implemented in collaboration with the USAID CEnergy Project to identify potential areas for RE power development in the on-grid areas of Mindanao. For the Hydro Resource Assessment, the project was able to identify a total of 1,308.3 MW of potential capacity.

For the Biomass Resource Assessment, the project was able to identify 18 potential sites with a total capacity of 875 MW for Biomass Power Plant development taking into consideration the viability of said areas in terms of feed stock supply, to make the projects feasible.

#### MINDANAO MODULAR GENERATOR SETS PROGRAM

The DOE, as Co-Chair of the MPMC, proposed the use of modular generator sets as an immediate short-term solution to the intermediate electricity needs of Mindanao until baseload power plants come online by 2015. To address this, the Office of the President on 12 July 2013 issued the Executive Order No. (EO) 137, Series of 2013; "The Mindanao Modular Generator Sets (Gensets) Program".

This initiative has a funding support of Four Billion Five Hundred Million Pesos (P4,500,000,000), which shall be sourced from the Malampaya Fund of the DOE. For implementation, NEA issued a memorandum dated 09 July 2014 to Mindanao ECs re: "The policy for the Modular Gensets Program for Mindanao ECs" approved by the NEA Board of Administrators on November 6, 2014 through the Board Resolution 153 Series of 2013.

MINDANAO-WIDE
AND INTERREGIONAL
PROGRAM/PROJECT
MANAGEMENT
FACILITATION AND
COORDINATION

As MinDA's facility for monitoring and timely feedback and response mechanism on issues and concerns on the ground, the Authority's Area Management Offices (AMOs) are "all hands" in the efforts of bridging strategic local issues and concerns in the overall programs and projects of the Authority.

The AMOs are on the foreground in ensuring the establishment of a mechanism of coordination and convergence of efforts for a quick response to activities and initiatives.

#### CONTINUING CONSTITUENCY AND ALLIANCE BUILDING

Area visits and representations were made in various meetings and conferences at the regional level including meetings of the regional mechanisms: Regional Development Councils (RDCs), Regional Peace and Order Councils (RPOCs), and the Regional Disaster Risk Reduction Management Councils (RDRRMCs). These fora served as venues for the advocacy of MinDA's flagship programs. Consultations with various groups were done as part of the area profiling being built up for the areas.

Engagements were likewise done with existing LGU alliances like MaCaSALTaBayaMi (Marihatag, Cagwait, San Agustin, Lianga, Tago, Bayabas, and San Miguel) and BiBaHiLiTa (Bislig, Barobo, Hinatuan, Lingig, and Tagbina) for technical assistance like facilitation of proposals, as well as linkage with prospective investors and other organizations and agencies to these alliances. Ocular visits were likewise conducted for proposed projects for TIEZA funding.

### SUPPORT TO DISASTER RISK REDUCTION AND MANAGEMENT

MinDA made a round-the-clock monitoring on the effects of typhoons and Tropical Depressions that affected Mindanao. From all the typhoons and low pressure area that passed the NorthEastern Mindanao area, Typhoon Agaton brought severe damages to life, properties, crops, fisheries, vital infrastructures and major/secondary roads and bridges.

MinDA, together with OCD and DPWH, provided a validated report on the major infrastructures like roads, bridges and government facilities that need immediate repair and rehabilitation. The team was able to come up with a total budget request of Php4.5B which was approved by President Aquino to cover for the immediate repair and rehabilitation of the damages to infrastructure brought about by the continued rains of the LPA and Tropical Depression Agaton (refer to Annex C, page 42)

### SUPPORT TO DEVELOPMENT SECURITY

### PARTICIPATION IN "ARROZCALDO AT PANDESAL NG CIVIL MILITARY OPERATIONS" (CMO)

This monthly activity is the brainchild of the AFP and is conducted by the 10th Battalion (Army) CMO group. MinDA attended two sessions and shared the office's accomplishments for the period.

#### PH-RI BORDER COMMITTEE

This is an annual meeting, chaired by AFP's Eastern Mindanao Command (EastMinCom) with their Indonesian counterparts to thresh out issues on border-crossing stations straddling the Philippines-Indonesia maritime border. MinDA sits as a resource person that facilitates and provides advice on the agenda set by both parties.

### SUPPORT TO BUSINESS INTELLIGENCE AND INVESTMENT KNOWLEDGE BASE BUILDUP ACTIVITIES

The Area Management Offices implement the facilitation and ease of doing business on-the-ground, such as landbanking and consolidation of lands for possible investment, and ensuring a suitable climate for investments.

The AMO-Northern Mindanao attended various meetings with NEDA, DTI, DA, DENR, CDO LGU, BFAR, DILG, NSO and TESDA and gathered data for investment project profiling and was able to link Kennemer Foods Inc.

with the MLGUs of Naawan and Lugait and the Misamis Oriental PLGU regarding Cacao growing and production. The team likewise facilitated the partnership proposal of Rocky Mountain Coffee, and assisted Hyundai Power (a Korean-based company interested in putting up a biomass plant in NM) and referred a consultant who can help them in their investment requirements.

#### LGU / PUBLIC ASSISTANCE FACILITATION

The AMOs are on the foreground in ensuring the establishment of a mechanism of coordination and convergence of efforts for a quick response activities and initiatives with respective national and regional agencies and bodies as well as local government units.

AMO-NM led the facilitation of Baloi Plains Flood Control Project, conducted three (3) ocular inspections for the facilitation of TIEZA related projects, facilitated the provision of seedlings and training by Del Monte Foundation and EWWP to MLGU Libona to develop its women-led nursery, linked MLGU Naawan to DBP and Landbank for its financial requirement for its cacao production project as well as MLGU Naawan to DBP and Landbank for its cacao production project. The team also helped link the City LGU of Iligan to PUM for the improvement of the city's potable water distribution.

### PROGRAMS AND PROJECTS IMPLEMENTATION MANAGEMENT

MinDA has reviewed and submitted technical recommendations on a total of 22 project proposals under the MinSAAD and attended the MinSAAD Technical Working Group and Steering Committee Meetings last March and October 2014, respectively, in Cagayan de Oro City. The office was also able to facilitate the various FRIMP-CDOR meetings conducted in Lanao del Sur and arranged a separate meeting between DENR X and Lanao del Sur Governor Mamintal Adiong.

The team also attended the Agricultural and Fisheries Financing Program Launch and Orientation last December 4-5, 2014 at Chali Beach Resort, Cugman, Cagayan de Oro City.

The AMOs implement the facilitation of doing business on-the-ground and assist in "unclogging bottlenecks" to ensure a suitable climate for potential investments.

# ORGANIZATIONAL AND HUMAN RESOURCE

### DEVELOPMENT

Anchored on the firm belief that effective human resource utilization is the key to the success of the agency, MinDA provides its employees with opportunities for personal training, growth and development to ensure members are empowered to make decisions and take calculated risks in the attainment of the organization's vision, mission and mandate.

#### OPCOM ANNUAL PLANNING WORKSHOP

Highlighted in the planning workshop are the various Human Resource Development Interventions in the Agency's Human Resource and Management and Development (HRMD) Program. One of the imperative HR interventions is the shift to the Strategic Performance Management System (SPMS) of performance appraisal as directed under CSC Memorandum Circular No. 6, s. 2012. Relative to this, the agency formed its Performance Management Team (PMT) to ensure all requirements in view of SPMS implementation are complied.

#### MINDSET AND SKILLS SETTING WORKSHOP ON SPMS

The shift to SPMS means a paradigm shift in performance appraisal prompting the management to develop safeguards in order to ensure its smooth and efficient implementation. Hence, MinDA convened the Join OpCom at Subic Bay Freeport (SBF) for this workshop that laid the foundation for the implementation and interfacing of the different processes and phases involved in the SPMS performance appraisal. The workshop highlighted the critical role of coaching in understanding and improving the performance of an individual - coaching will be the core driver in MinDA's Strategic Performance Management System (SPMS) implementation.

### ORIENTATION ON PERFORMANCE-BASED INCENTIVE SYSTEM, PERFORMANCE INCENTIVE BONUS AND SPMS

In the process of SPMS implementation, MinDA also met with the members of the OP-PMT for an orientation. The engagement strengthened the partnerships between two government agencies particularly in alligning the Agency's targets/outputs with the national government thrust or the five (5) Key Result Areas of the President's Social Contract.

#### PLANNING WORKSHOP FOR THE SECOND SEMESTER

Attended by all staff of the Agency, the workshop gave better appreciation of individuals' contribution to the agency's accomplishments, state of budget utilization and new programs and projects for the remaining calendar days.

#### YEAR-END ASSESSMENT AND PLANNING FOR 2015

To cap CY2014, this activity was held and attended by all the staff from all the divisions/delivery units. The said assessment and planning highlighted the results and milestones brought about by the many accomplishments of the agency's delivery units. It also gave room for proper inter-division coordination and interfacing on the various Programs and Projects (PAPs), and proposed activities to be undertaken in CY2015.

### APPENDIX A

#### PROJECT CONCEPTS/PROPOSALS FORMULATED (LEVEL 1)

Strengthening Capacity of MinDA and Partners on Local Community Resilience to Climate Change: Benchmarking to visit to Palawan, Cebu, Albay, Aklan, and Batangas

Monitoring Framework for MinDA's Project Management Functions

Localizing Disaster Risk Reduction and Management (DRRM) Climate Change Adaptation and Mitigation (CCAM) for LGUs: Modelling Davao del Norte Initiative

Building Local Community Resilience in BIMP-EAGA for Climate Change Adaptation and Mitigation and Disaster Preparedness

Southern Mindanao Development Corridor

Barangay StraTREEgic Forest Program (BSFP)

TreeVolution: Greening MindaNOW

The accomplishment of the agency in terms of development appraisal and resource mobilization is tracked by level:

Level 1: Project Concept/Bocument/ Proposal/TOR/ guidelines drafted

Level 2: Project endorsed to appropriate institution for funding

Level 3: Project funded

#### PROJECTS ENDORSED TO VARIOUS AGENCIES (LEVEL 2)

#### **ENDORSED TO TIEZA**

- · Lanuza Cultural Center
- Tangub City Boulevard, Access Road for Hoyohoy Highland Botanical Garden, Esplanade along Migcanaway River, and Interpretive Building and Boardwalk.

#### ENDORSED TO ASEAN-ERIA

- Assessment of the capacities of LGUs on implementing DRRM (Disaster Risk Reduction Management) specifically on fisheries and aquatic resources
- Water Resources Assessment: A Study of Water Availability in Mindanao

#### ENDORSED TO CCC

- Water Resources Assessment: A Study of Water Availability in Mindanao
- Building Local Community Resilience in BIMP-EAGA for Climate Change Adaptation and Mitigation and Disaster Preparedness

#### ENDORSED TO DOTC

· General Santos Aerotropolis project

#### ENDORSED TO DA REGION XII

Agri-Training Center project

#### ENDORSED TO POLISH AID

- Strengthening Capacities of Key Regional Agencies and PLGUs on Disaster Risk Reduction and Management and Climate Change Adaptation and Mitigation
- Strengthening Public-Private Partnerships on Sustainable Resource Management for Human Security of the Indigenous Peoples in the Riverbasins and Watersheds
- Strengthening Capacities of Mindanao Institutions, Agencies and LGUs in Geo-Hazard and Conflict Vulnerability Assessment
- Institution Development Package for river basin/watershed management mechanisms (River Basin Organizations, Watershed Management Councils ad Alliances)

#### **ENDORSED TO UNDP**

 Sustaining Economic Development through Inclusive Community Development Programs in Mindanao's Conflict Affected and Vulnerable Areas

#### ENDORSED TO NEDA\*

- KALAHI-CIDSS National Community-Driven Development Project
- \* endorsed via referendum

### FUNDING FACILITATED FOR VARIOUS PROJECTS (LEVEL 3)\*

### ONGOING ENGAGEMENTS OF MINDA WITH PARTNERS UNDER STRATREEGIC PROJECT

PARTICULARS	LOCATION	PROJECT DESCRIPTION	EST. COST*	
Davao Oriental- Surigao Coastal Road (intermittent Sections)	Lingig, Surigao Del Sur to Boston- Cateel-Bagangga, Davao Oriental	Bank protection of the PCCP road, construction of two lane concrete high standard roads and load bearing box culvert for the cross drains. Installation of sheet piles and revetment project.	27.00	
Mati-Maragusan Road	Marayag, Municipality of Lupon Davao Oriental	Rehabilitation of concrete road with bank protection.	10.00	
Udiongan- Taytayan Bridge	Davao Oriental	Repair and rehabilitation of bridge approach on abutment.	15.00	
Magdug Bridge Sta. Limit:Km1791+350	Tubanban-Lavigan Road in Mun. of Gov. Generoso, Davao Oriental	Repair and rehabilitation of bridge approach on Abutment "A".	25.00	
Araibo Bridge	Davao Oriental	Repair and rehabilitation of bridge approach on Abutment.	10.00	
Tagolinao Bridge Sta. Limit:Km1567+014	Mun. of Cateel, Davao Oriental	Strengthening of Bailey Bridge Section. Replacement of washed-out culvert	22.00	
Caraga Bridge	Mun. of Caraga, Davao Oriental	Pier 12 and pier 13 was damaged due to flooding. Provide bank protection on both approaches.	142.00	
Veneer Bridge	Municipality of Bangangga, Davao Oriental	Repair of bridge approach	15.00	
Montevista- Mati Boundary Road (Saddle Section- New Visayas Section)	Mun. of Liboton, Compostela Valley	Proposed construction of the two lanes concrete road (PCCP) and construction of slope protection on both sides	25.00	
Cateel- Compostela Road	Municipality Compostela, Compostela Valley	Replacement of existing damage concrete road with high standard roads and provision of cross drain section to accommodate the volume of run-off water.	38.00	
Nabunturan-Maragusan Road (Luzvimin Section, Katipunan)	Mun. of Nabunturan, Compostela Valley	Replacement of existing damage concrete road with high standard roads, construction of bank protection, construction of cut-off channel, realignment of Drainage section.	30.00	
Construction of Flood Dike and Bank Protection of Naboc River	Mun. of New Bataan, Compostela Valley	Construction of Flood Dike and riverbank bank protection on both sides upstream and downstream of Naboc River	200.00	
Afga- El Rio- Sibagat Road, AGUSAN-DAVAO ROAD	, AGUSAN-DAVAO Mun. of Sibagat, Agusan Del Sur driving, construction of drainage line, drainage		375.00	
Bayugan-Cantilan- Tandag Road	Mun. of Bayugan, Agusan Del Sur	Construction of high standard concrete road	25.00	
Simulao Bridge	Mun. Of Bunawan, Agusan Del Sur	Repair and rehabilitation of bridge approach	50.00	
Upgrading of Road Section, Butuan- Malaybalay Road	Dangkias-Lingayaw, Mun. of Las Nieves, Agusan Del Norte	4km High Standard Roads with provision of Cross drainage	120.00	
Completion of Provincial Road from Banza- Magallanes	Mun. of Magallanes, Agusan Del Norte	7km High Standard Roads	140.00	
Magallanes- Banza Bridge	Mun. of Magallanes, Agusan Del Norte	Construction of concrete bridge that connects the province of Bukidnon	25.00	

Construction of Flood Control Structure, Lower Panaytayon, Magallanes, Agusan del Norte	Lower Panaytayon, Mun. Magallanes, Agusan del Norte	Construction of 2km. flood dike	100.00
Rehabilitation of Nuevo Campo- San Benito Road	Municipality of San Benito, Surigao Del Norte	Construction of high standard road and slope protection	32.50
Claver-Sapa Road (with spillway and line canal)	Municipality of Claver, Surigao Del Norte	Construction of high standard road, slope protection, spillway and line canal	13.65
Magtangale Bridge	Municipality of San Francisco, Surigao del Norte	Construction of 20 LN.M. RCDG Bridge	25.00
Construction of Drainage line to mitigate flooding along Dapa- General Luna National Road	Municipality of Dapa and General Luna, Siargao Island	Construction of drainage line on both sides of the road including its catchment canal upstream and downstream.	100.00
Justiniana Road, San Jose, Dinagat Island	Mun. San Jose, Dinagat Island	Replacement of existing damaged concrete road to high standard roads	25.00
Paragua Road, Tubajon Dinagat Island	Mun. of Tubajon, Dinagat Island	Replacement of existing damaged concrete road to high standard roads	8.00
Poblacion Cagdianao Road, Dinagat island	Mun. of Tubajon, Dinagat Island	Replacement of existing damaged concrete road to high standard roads	20.00
Davao Oriental- Surigao Coastal Road (Intermittent Sections)	Mahabo to Hagumitan Section, Surigao Del Sur	Bank protection of the PCCP road, construc- tion of two lane concrete high standard roads and load bearing box culvert for the cross drains. Installation of sheet piles and revet- ment project.	164.00
National Road Cuevas- Bislig Road	Cuevas, Surigao Del Sur	Repair of the road shoulder w/ concrete slope protection with revetment project, Installation of sheet piles and load bearing box culvert cross drainage in lowest portion of road sec- tion that serve as catchment of run-off water.	50.00
Payasan- Los Arcos Road and Lianga-Prosperidad Road	Mun. of Lianga, Surigao del Sur	Repair and restoration of 121.5 ln.m. Concrete road to high standard roads	33.70
Hubo Bridge along Surigao- Davao Coastal Road	Municipality of San Agustin, Surigao del Sur	Arterial road to Davao Oriental. This bridge linking inter-regional concerns. The bridge approach was scoured.	70.00
Tago Flood Control Project	Municipality of Tago, Surigao Del Sur	Construction of Flood 500m upstream and downstream on both sides	100.00
De Oro Road section	Butuan City	Construction of three barrel load bearing box culvert, cross drain, pile driving of sheet piles with revetment project. Also includes restoration of high standard road pavement	130.00
Dredging of the Agusan River	Butuan City	Dredging of 20km length from the mouth of the Agusan River to Bit-us. It is around 3,000,000 cubic meter siltation comprises of sand, minerals, and sunken wood.	1,500.00
Dike Protection of Agao Riverbank	Butuan City	Construction of flood control along Agusan River at Brgy. Agao, Butuan City	38.00
Larapan Bridge along Linamon- Zamboanga Road	Mun. of Linamon, Lanao del Norte	Replacement of totally collapsed bridge	187.00
Construction of Flood Control Structure, Las Nieves	Municípality of Las Nieves, Agusan Del Norte	Construction of Flood Control Dike	150.00
Anao-awon- Malimono Road	Mun. Of San Francisco and Malimono, Surigao Del Norte	Construction of high standard roads, box culvert, RCDG Bridge and Drainage Canal that connects to the neighboring province of Agusan del Norte	50.00
Nuevas Estrella- Hondrado Road	Bukas Grande Island, Surigao Del Norte	Construction of high standard road and slope protection	32.50
		GRAND TOTAL	4,515.85

### LIST OF CAPACITY BUILDING ACTIVITIES PROVIDED TO THE MINDA STAFF

TRAINING/SEMINAR	DATE	PARTICIPANTS	SPONSORED BY	
Orientation on Procurement Organization	January 17	BAC	MinDA/DBM-XII	
Understanding Power Supply Agreements	January 27	All MinDA Staff	MinDA/USAID C- ENERGY	
Training-workshop on Development Planning and Monitoring and Evaluation Framework Formulation and System Development	February 5-7	Selected MinDA Staff	MinDA	
Orientation on R.A. 9184 or the Government Procurement Reform Act	February 26	All MinDA Staff	MinDA/DBM-XII	
Cooperative Pre-membership Seminar	March 13	All MinDA Staff	MinDA	
Nationwide Simultaneous Earthquake Orientation and Drill	March 19	All MinDA Staff	MinDA/RDCC-XI	
Ist Conference of the Council of Human Resource Management Practitioners (CHRMP)-Region XI	May 14-16	HR Personnel	CHRMP-Region XI/ Civil Service Commission-XI	
Mindset and Skills Setting Workshop for the Joint OpCom (In preparation for the SPMS Implementation)	May 27-29	Joint OpCom	MinDA	
Supervisory Trainings on:  Moving Up: Making Transition from Staff Member to Supervisor Effective Delegation and Task Management Skills	May 30	Supervisors/ Assistant Division Chiefs	ARIVA Academy	
Seminar on Best Practices & Remedies to Avoid COA Disallowances	June 9	Head of Performance Management Unit (PMU) & Head of Finance Division (FD)	Center for Global Best Practices	
Seminar on Curriculum-Comprehensive Seminar for Tax Agents and Practitioners	June 16-17	Head, Finance Division	Philippine Institute of Certified Public Accountants	
Workshop on the Updated Performance- Based Bonus (PBB) and Performance Informed Budget (PIB)	June 19-20	All MinDA Staff	MinDA/OP, SPMS-PMT Technical Working Committee	
Leave Administration Course for Effectiveness	July 22-23	HR Personnel	Civil Service Commission-XI	
5S and Records Management Seminar	June 26-27	HR Personnel	Civil Service Commission-XI	
Pre-retirement Counselling Seminar	August 26-28	HR Personnel/ OFAS Director/ One Employee who retired in 2014	Civil Service Commission-XI	
Seminar-Workshop on Protocol and Social Graces	September 17-20	Selected MinDA Staff	MinDA/DFA- Foreign Ser- vice Institute	
Training on Strengthening Excellence In Human Resource Actions (SEHRA)	October 28-29	HR personnel	Civil Service Commission-XI	
Unified Account Code Structure (UACS) Application Course Training	November 12-14	Planning and Finance Personnel	Department of Budget and Management	
Seminar on Skills in Housekeeping Enhancement at the Workplace	November 19-20	Records Officer & Supply Officer	Civil Service Commission-XI	
Seminar on Law on Procurement and Philippine Bidding Documents	December 3-5	BAC TWG and Secretariat	Commission on Audit-XI	
Training Course on ISO 9001:2008 Quality Management System Requirements and Documentation	December 3-4	Head, PMU/ Supervisor for FD/ Supervisor for Admin Division & Supervisor for Knowledge Management Division	Development Academy of the Philippines
